

**Small, Light, Bright,
and *FAAAST* !**

Optimist™ 3

Complete with AAC Software...

from \$5,695.

The *Optimist 3* is a powerful augmentative/alternative communication (AAC) aid that is ideal for direct selection on its **bright, All-Light readable 8.4 inch touch screen** or scanning its dynamic display. At **less than 3 pounds**, the unit's light weight makes carrying easy by its convertible handle/stand. The audio amplifier/speaker module provides exceptionally loud, clear output. At **1 GHz** processing speed, message selection is really fast.

Three USB ports are provided for connections to computer peripherals and switch access for scanning.

AAC software is pre-installed and fasteners for wheelchair mounting are built-in.

The *Optimist 3* comes pre-loaded with a choice of AAC packages and a variety of speech synthesizers.

Call for a demonstration.

Some Software Options

- **The Grid with DECTalk**

- **Speaking Dynamically Pro and Boardmaker**
