

# Dynamo®

**Small tool,  
great solution!**

Small, proven and durable,  
the Dynamo allows  
augmented communicators to  
communicate virtually anywhere.

## Easy Communication

Augmented communicators of all cognitive and physical abilities will find that creating messages on the Dynamo is quick and easy. A dynamic display combined with the ability to record up to 25 minutes of speech, gives individuals with significant speech, language and learning disabilities quick and easy access to abundant vocabulary.

## Easy to Use

Augmented communicators and their care teams will find the Dynamo's communication and programming interfaces easy and straightforward. With an interface similar to that of other DynaVox dynamic display products, the Dynamo lets augmented communicators make a smooth and natural transition to more fully-featured devices.

## Peace of Mind

Developed specifically for augmented communicators, Dynamo can absorb the impact of daily living. You can rest easy knowing that DynaCare covers your Dynamo for one full year from the date we ship the product to you.

## More Time for Life's Important Events and Moments

Because the Dynamo is so easy to use and program, augmented communicators and their care teams will have more time to concentrate on the things that are really important – making meaningful connections at home, work and school, in therapy sessions and the community.

## SPECIAL FEATURES:

**Dynamic display screen**

**Durable, low profile design**

**Onboard Universal Remote Control**

- Control common household appliances such as TVs, DVD, and CD players, and IR phones, etc., with your Dynamo
