SERIES 4

IIIDV4
IIIMT4 ™

The most powerful and flexible tools for communication and support.

DynaCare™ CERTIFIED
UNLIMITED GUARANTEE

DV4 and MT4

Easy. Flexible. Powerful.

Communication without limitations. The DV4 and MT4 devices provide the user the ability to grow and communicate to their full potential – no matter the starting point nor how high that potential is.

Communicate at the Fastest Rate Possible

Word, character and recency prediction, abbreviation expansion and flexible abbreviation expansion increase the speed of communication for augmentative communicators at every level.

Easy to Use and Setup

Every DV4 and MT4 contains more than 17 communication page sets programmed into the device before it is shipped to the customer. Developed by a team of speech-language pathologists with decades of AAC experience, the page sets meet the needs of adults, teens and children with varying cognitive and physical abilities.

Peace of Mind

Every DV4 and MT4 communicator and his care team is supported by DynaVox Technologies' full range of support services, including training opportunities, free technical support and one full year of DynaCare® coverage.

Time for the Important Things

By combining natural message formation strategies for augmented communicators with tools and resources for care teams that reduce the time needed to learn and program the devices, DynaVox DV4 an DynaVox MT4 allow for grater time spent making meaningful connections with one another and the world.
