

Polyana⁴ with PersonaTM

— for writing and talking — *a lot* !

Two versions are available...

- **Standard Version** (with Computer Functions)
- **Medical Assistance Version***
(Dedicated Speech Generating Device)

*Medicare assignments accepted!

E2510

Designed with all the attention to detail for which ZYGO is noted, the **Polyana** with **Persona** is an intuitive, easy to use communication aid. Small and lightweight, it features instant-on—the unit is always in standby, has long battery life (8+ hours) on each charge, and is relatively inexpensive.

The **Standard** version allows access to a host of programs like Microsoft WordPad, SpreadCE, Pocket On-Schedule, Media Player, Calculator, and various Microsoft viewers; Word, Excel, PDF, Image, PowerPoint, etc. A built-in modem is optional.

The **Medical Assistance** (MA) version is a dedicated Speech Generating Device that meets the requirements of various medical assistance agencies and access to the Windows programs is denied¹.

Polyana is the hardware. It's light weight and small size make carrying easy by its folding carry-handle/ stability stand. The audio amplifier/ speaker base-pack provides exceptionally loud, clear output. A sliding volume control in front is used to set the sound output level.

Persona is the text-based communication program purposely designed for literate users who need to talk. Access to the program is by the keyboard, the touch screen, and by switches through the on-screen keyboard. Messages are clearly spoken by **DECTalk** speech synthesis.

Formulate messages letter-by-letter, by selecting words through word completion and word prediction, and phrases via abbreviation/ expansion and a phrase list.

PRINTERS

The ~~Polyana~~ can use its serial connection to print to serial input printers. However, because the unit is intended for users who may eventually use scanning approaches that will occupy the serial port, ~~Polyana~~'s IRDA (infrared) port is a more appropriate option. ~~Persona~~ has been designed to access the EXTECH portable printer by infrared.

Polyana³ shown

The EXTECH portable impact 40-column printer uses small paper rolls similar to those in adding machines. The EXTECH printer is available from ZYGO Industries, Inc.

- Paper Width: 2-1/4" (5.7 cm)
Roll Diameter: 1-1/2" (3.8 cm)
- Printer Size: 4-1/4" wide, 4-3/4" long, 2-3/4" high (11 x 12 x 7 cm)
- Printer Weight: 1.2 pounds (0.54 Kg)
- Price: \$795.

KEYGUARD

For those who need some assistance in targeting the keys of the keyboard, an acrylic keyguard is available. Note that the display cannot be closed with the keyguard in position.

333-5092-00 Keyguard, Acrylic \$195.

Keyguard and Keyboard Glove for Polyana³ are shown

KEYBOARD GLOVE

The primary cause of failure for devices like the ~~Polyana~~ is liquid in the keyboard. That includes rain, drool, soda, etc. A keyboard glove is supplied as standard with the ~~Polyana~~ because it is so important. Should the original keyboard glove become damaged or unserviceable, additional keyboard gloves can be purchased from ZYGO.

333-5091-11 Keyboard Glove with Labels \$40.

TELEPHONE

Phone Link

The **Phone Link** quickly and easily connects the output of the ~~Polyana~~ to telephones.

The **Phone Link** connects between the phone line and the phone, or the phone and the handset, and the input cable connects to the Earphone jack of the ~~Polyana~~.

- 018-0054-51 **Phone Link**, Mini-phone Plug, 3.5 mm diameter \$65.
This is for the ~~Polyana~~³ or ~~Polyana~~⁴. The plug is right-angled.
- 018-0054-50 **Phone Link**, Sub-mini Phone Plug, 2.5 mm diameter ... \$65.
This is specifically for the ~~Polyana~~¹¹. The plug is right-angled.
