PL2011rev2

Easy to use - the proxtalker comes with a set of pre-recorded sound tags to make use out of the box immediate

Easy to personalize - using the blank sound tags and our unique programming tags the unit can be easily adapted to grow with the user

Flexible labelling system - you can make tags identifiable with whatever suits the users needs: words, photos, symbols, objects of reference.

Flexible recording - you can record a single word or up to 8 seconds of sound on each tag letting users work at a level that suits them

Easy to carry - stored in our custom made backpack the ProxTalker can go everywhere with the user or class making sure they can say what they want wherever they are

NEW - the Visual Suite DVD from silver lining is an easy way to use your own or the library of 15,000 photos to create personalized ProxTalker stickers. Simply load the DVD and start filling the readymade ProxTalker templates with your own ideas.

LOGAN® PROXTALKER®

Just **Pick** a tag,
Place it on a button and **Press**

- the ProxTalker® Communication Aid will say your recorded sound, word or sentence.

"in group work students have developed sentence structure, turn taking and social skills"

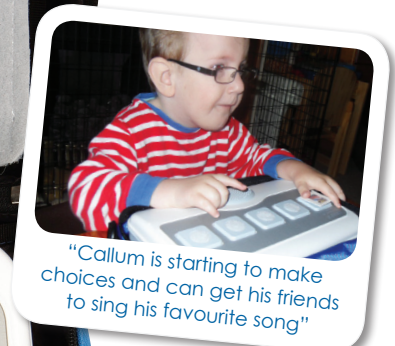

"at last he can ask the waiter for his own drink"

"Alice knew it could be used like a PECS book and was independent right away"

"using tactile symbols the ProxTalker is accessible for our VI students"

"Callum is starting to make choices and can get his friends to sing his favourite song"

"I want orange juice please"

The speak all tag lets you say the sentence at the touch of one button
